# The American people want **PEACE!**

TO STOP thousands of needless American Casualties in Korea,  
**WRITE OR WIRE** PRESIDENT TRUMAN, Washington, D. C., **now** to—

**WITHDRAW OUR BOYS FROM KOREA immediately**

We don't have to destroy the human race just to save some Americans' face.

**ALSO, WRITE OR WIRE, PHONE OR VISIT** your representative\* **and your** 2 senators:

(Illinois: Paul H. Douglas and Everett M. Dirksen)

To act on OUR behalf! To use every possible effort to get OUR troops out of Korea — **SAFE AND ALIVE! NOW!**

*\*If you don't know who he is, phone your newspaper.*

**WRITE** your letters and **PHONE or VISIT** your friends to do likewise.

**FLOOD** Washington with America's protests against the trend toward war.

The officials in Washington, even President Truman, are OUR servants.

**When** WE, the people, speak out, they will hear us and act accordingly.

**Every minute you delay means another GI dead.**
